To whom it may concern,

It is my pleasure to write a letter of recommendation on behalf of Edye Campos. I've known Edye for about ten years. We worked together as Associate Pastors at the Hinsdale Seventh-day Adventist Church.

While at Hinsdale Edye was instrumental in many of the marketing and communication aspects of our church. He updated the church website, also made the churches presence much stronger and more accessible. He did this by creating a Instagram page for the church and making sure are Facebook page was more up to date and accessible to someone looking to connect with a church in the Chicagoland area.

In partnership with AMITA Health Edye was able to upgrade the churches outdated sanctuary projector with a state-of-the-art video wall. He also created a App for church that was available on Apple IOS devices and Android.

Another important part of Edye's ministry at Hinsdale was the Youth Adult Ministry. The program was already in place but lacked a strong pastoral presence to mentor the leaders of this ministry. Edye helped the group get stronger by mentoring the leaders, actively looking for young adult in the area and providing programs for them to connect. For example, many Young Adults came to the Basketball program he started on Sundays at Hinsdale Adventist Academy that lead to many young adults being baptized. He also was a active part of the prayer ministry as well here at Hinsdale.

When Edye takes on a task, he always follows through and never lives loose ends for someone else to pick up. Yet most importantly whatever Edye does he has a servant's heart and is a strong believer in mentoring others.

I recommend Edye enthusiastically and without reservation. He would be an asset to Doctoral program of your school.
