

SEVENTH-DAY  
ADVENTIST  
CHURCH

Iowa-Missouri Conference

October 14, 2013

To All Concerned,

I have worked directly with Edye Campos for over three years as his direct supervisor. I have personally witnessed him positively develop in many important areas of ministry and leadership.

He has also accomplished several important goals while leading his church as senior pastor. Under his leadership the church improved financially in a substantial manner and was therefore better able to move forward in mission and ministry.

It is my pleasure to recommend Pastor Campos for placement in ministry service or employment where his gifts/skills are needed.

Edye is an organized and focused individual who also brings passion in his work and efforts. His love for people and communication skills are a great asset as well.

Please do not hesitate to call me if you have questions relating to Edye and his qualifications for service and employment.

Sincerely,

Robert M Wagley
